October Session:

“1031 Tax Deferred Exchange”

Speaker: Teresa Moss Fluegel

by Peggy Hall, EA

The presentation will review Exchange Basics, such as Code section 1031 background and the nature of investment property. The requirements for reciprocal transfer of property using a facilitator, the identification of suitable property and allowable time periods are among the topics that will be reviewed. Some types of assets that can be exchanged will be described. In addition, the nature of forward and reverse exchanges will be examined.

Some of the questions that will be answered for you in this presentation include:

What is a 1031 Tax Deferred Exchange?

What are benefits that can help my clients?

What are the tax rates for 1031 Exchanges?

What are the IRS requirements for a 1031?

How must we apply the timeline requirements – notably the 45/180 day limits?

What are the Identification Rules?

What are some transactional pitfalls for a 1031 Exchange?

How can we protect our client’s funds in an unregulated (1031 exchange) industry?

What is the impact of “boot” in 1031 transactions?

What are Forward and Reverse Exchanges?

How are LLC’s/ Partnerships used in exchanges?

How can one use a “Parking Arrangement” to do an improvement/construction exchange?

In addition, bring questions based on your experience with 1031 exchanges, and client problems or questions.

PRESIDENT'S MESSAGE

by Patty Pringle, EA, President, EBAEA

October is always such an interesting month. We are into the first days of fall, mid-month is the extension deadline and Halloween arrives, which means The Holidays are right around the corner. It is also a time to check to see how many hours of Continuing Education you have and how much you still need. It is also the deadline to sign up for the Best Pricing for Tax Talk 2015. Please check out the flyer at the end of this Bulletin. Getting CE is not the only reason to attend the major educational event that our chapter is famous for. Come to learn. Each year we face so many challenges as we head into tax season. The people we meet at the seminar and chat with during lunch or while getting your morning coffee are sometimes the very same people that we are going to call during tax season when we face a challenging client or tax situation. Maybe that person will call you. Oh yes... and how wonderful is it, not only to reach out and ask for help, but also to lend a helping hand when someone reaches out to you. Pay it forward. Each year that I attend the seminar, I've seen an increase in my tax knowledge, which increases my bottom line.

As a reminder you can sign up for monthly dinner meetings and Tax Talk by going directly to the EBAEA website and, from the home, page click on meetings or events. These will be posted at the beginning of each month on the website so you can check out the speaker and the topic. No need to wait for the Bulletin.

Congratulations to the following EBAEA members who became NTPI Fellows in August: Linda Koziol, EA, Aida Torres, EA and Al Wise, EA. Earning the distinction of NTPI Fellow is something to be proud of, and it opens the door to helping more clients by representation, which also means more \$\$\$.

I'd like to share something funny (or not) - that happened to me after the EBAEA September Dinner Meeting. We had changed the place of our dinner meeting to the Embassy Suites in Walnut Creek. I am not familiar with the area, and got lost to begin with, so I was late to the Board Meeting. Admittedly, I have absolutely no sense of direction, so I was already doomed for my trek back home after the meeting. On the other hand, I feel so much more confident knowing that my "smart" phone has a GPS and all I need to do is set in the destination and then listen to the voice tell me to turn left in 1,000 feet or make a U turn (after I get lost) and so on, and so on. I typed in Village Parkway, Dublin and so I went on my merry way. The initial directions did seem a bit strange to me, and though I had a suspicion that I was not going in the right direction, what do I know? The GPS - guided by satellite -- has to be right, right? I listened intently and followed every command. Take the entrance to 680 North, odd I thought. This must be a shortcut to get back to 680 South. But when I came to the Benicia Bridge I knew someone had messed up. (Do

app programmers have a mischievous sense of humor?) I pulled over, checked the GPS, and saw that I had typed in 6400 Village Parkway, Dublin alright, but it was for Dublin, Ohio! Oh, well! At least I was able to turn around and eventually got home. So much for technology. It's only as good as what we tell it to do. [Editor: Is there a lesson here, regarding tax software?]

Don't forget to check out the Tax Talk 2015 flyer at the end of the bulletin, great education, great speakers, great food and great networking. I hope to see you there!

COME TO STALM

by Peggy Hall, EA

Have you ever seen the FTB facility? I have, and it was very interesting. This year the State Tax Agencies Liaison meeting will be held at the Franchise Tax Board State Office at 9645 Butterfield Way, Sacramento, CA 95827. The day will begin with a tour of the FTB facility before the actual program begins.

The State Tax Agencies Liaison meeting (STALM) is an invaluable event that exemplifies the strong collaboration between CSEA and California's three state tax agencies - the Franchise Tax Board (FTB) the Board of Equalization (BOE) and the Employment Development Department (EDD) and is a unique forum that allows participants to raise issues or concerns that need to be addressed by state agencies.

The FTB Executive Director, Selvi Stanislaus, is hosting the event, and you will be able to learn about the state agencies' agendas, as well as obtaining key contact information that you can use in your practice, saving you a lot of time when you're busy.

We want EBAEA to be strongly represented and go there as a group. It will be held on Friday, October 23rd.

Please contact me, Peggy Hall, by e-mail to peggy@halloftaxes.com to tell me you are interested in going. I will put together some carpools.

CSEA DIRECTOR REPORT

by Aida Q. Torres, EA, First Vice President

Report on NAEA Annual Meeting and Awards Presentation in August:

The new strategic plan of NAEA is Educating America: Bringing the EA Profession to U.S. Colleges . . . to raise awareness of the EA career option among community college students across the country!

The NAEA Annual Meeting, including the Awards Presentation and NTPI Program, Levels 1, 2 & 3, was held on August 2 - 4, 2015 in Las Vegas, Nevada. Two EBAEA members attended: Linda Koziol, EA and Aida Q. Torres, EA, to participate in the Meeting and complete the NTPI program. It was an intense three days, completing NTPI Level 3, but well worth the time spent. Ms. Koziol, Ms. Torres and Al Wise, EA were among those earning the prestigious "Fellow" designation on "Graduation Night"!

Prior to the graduation ceremony, NAEA honored eight outstanding individuals, nominated by their peers, with Awards recognizing their contributions to the profession and the Association.

Founders Award to William D. "Bill" Payne, EA, posthumously; this award is the Association's highest recognition, for his lifetime achievements.

Outstanding Leadership Award to Geri Bowman, EA, CPA, USTCP, recognizing her tireless work as Chair of the NTPI Planning Committee.

Excellence in Education Award to Alan Pinck, EA, in practice in San Jose and San Ramon, California, to recognize his successes in improving the quality and scope of NAEA's education programs.

Excellence in Public Awareness Award to the Arizona Society of Enrolled Agents (AzSEA), for its Innovative "Fly-Over" of the 2015 Super Bowl and a concurrent PGA Event.

Outstanding Supporter of EA's Award to Frank Agostino, Esq., of New Jersey, for his support of NAEA goals of Educate America and his assistance to EAs.

Outstanding Volunteer Award to Frances Hart Fetsko, EA, in recognition of her volunteer services to NAEA, its state affiliates and local chapters

Emerging Leader Award to Aaron Blau, EA, CPA, of Tempe, Arizona, for his skilled and enthusiastic contributions in governance and public relations.

Bill Payne Advocacy Award to Phyllis Joe Kubey, EA, for her strong commitment to advocacy for EAs on both state and national level.

This meeting and the awards provided a wonderful experience, and it is an honor to be an Enrolled Agent and now an NTPI Fellow!

TAX SOFTWARE SURVEY

by Robert L. Seymour, EA

In addition to our own Chapter's discussion of software choices, various organizations and publications do broader surveys on the subject. You might want to review the survey conducted in May, 2015, with responses from just under 5,000 CPAs. One report on the survey can be found in The Tax Adviser magazine:

<http://www.thetaxadviser.com/issues/2015/aug/2015-tax-software-survey.html>

or in the Journal of Accountancy:

<http://www.journalofaccountancy.com/issues/2015/sep/2015-tax-software-survey.html>

Eight products had sufficient responses for evaluation, and most practitioners worked predominantly on individual returns. Primary evaluation criteria included adequacy of updates, technical support, and price vs. value, but in addition, the survey asked for evaluation on tasks related to the Affordable Care Act, handling change of accounting method due to the new tangible property regulations, and how they handled client tax identify theft problems (not just a software issue). Software switching was also examined.

The highest overall satisfaction ratings were received by Drake and UltraTax CS, with ProSystem fx and Lacerte close behind. The highest marks on handling ACA provisions were given by Drake and Lacerte and ProSeries users.

Users were asked what features they liked the best and what features they liked least. Price was most liked by 33% of Drake users and 29% of ATX users. Price was the least liked feature for 40% or more of Lacerte, ProSystem fx and UltraTax CS users. Keep in mind the phrasing of the question: the feature that you dislike the most may indicate that there are few other features to dislike, or that the others you dislike don't matter much.

Ease of use as a best feature was listed by over 25% of Lacerte and ProSeries users.

What about new users and switching between programs? Most users of their software expected to continue with the same package, with the highest "yes" responses from Drake, UltraTax CS and ATX users. For practitioners starting a new tax practice, the highest percentage of users who would recommend their software were Drake (94%), ATX (90%) and UltraTax CS (79%). The highest ratings for tech support went to Drake.

There's quite a lot of detail in the survey, and survey results on individual software products are available, so I encourage you to take a look at this report.

HUMOR

A patient was at her doctor's office, after having a complete physical exam. The doctor said, "I have some very grave news for you. You only have six months to live."

The patient asked, "Oh, doctor, what should I do?"

The doctor replied, "Marry an accountant."

"Will that make me live longer?" she asked.

"No," the doctor replied, "but it will *seem* much longer."

A tax lawyer, after reading nursery rhymes to his young child, clarified: "No, son. When Little Bo Peep lost her sheep, that wouldn't be tax deductible. But I like your thinking."

A doctor met with his heart transplant patient. "It doesn't happen often, but we have two viable donors for your new heart! One was a teacher, and one was an IRS agent."

"I'll take the IRS agent's heart," said the patient. "I want the one that hasn't been used!"

A woman was crossing the road one day when a frog called out to her and said, "If you kiss me, I turn into a handsome prince!" She bent over, picked up the frog, and put it in her purse.

The frog spoke up again and said, "If you kiss me, and turn me back into a handsome prince, I will stay with you for one week!" The woman took the frog out of her purse, smiled at it, and returned it to her purse.

The frog then cried out, "If you kiss me and turn me back into a prince, I will stay with you and do anything you want!" Again, the woman took the frog out, smiled at it, and put it back into her purse.

Finally, the frog asked, "What's the matter? I've told you that I'm a handsome prince, and that I'll stay with you and do anything you want. Why won't you kiss me?"

The woman answered, "Look, I'm an Enrolled Agent. I don't have time for a boyfriend, but a talking frog is cool!"

A government big enough to give you everything you want is strong enough to take everything you have.

A tax accountant was visiting the natural history museum. While standing near a dinosaur, he said to his neighbor, "This dinosaur is two billion years and ten months old."

"Really? Where did you get such exact information?" asked the other visitor.

"I was here ten months ago," said the tax accountant, "and the guide told me that the dinosaur was two billion years old."
